Dear Learning Foundation Families,

I want to thank you for your patience as we progress through the challenges related to Covid 19. The purpose of this email is to notify you that school will begin remotely with online learning, starting August 6th. We will hopefully be able to transition back to campus after Fall Break, the 13th of October.

This has been a hard decision, but our main priority is the health and safety of our school community; our students, families, and staff. We will utilize the same digital programs that we used last year,

- Youngers, K-2: Lalilo, Sumdog, Brainpop, and Learning Farm.
- Olders, 3 - 6: Prodigy, Newsela, Discovery Education, Brainpop and Learning Farm.

We have also added three platforms, Discovery Education for Youngers, K-2, MobyMax for all grade levels, and Bloomz campus wide.

As a school, we will try to keep our learning plan similar to last year's in order to help students and parents make a smooth transition back into the routine of learning from home. We will add "office hours" so that parents and students can ask questions, make comments, or suggestions. As always, teachers, including myself, are available by email listed below.

Kinder - Mkrupa@lfapa.org

First Grade - Srivera@lfapa.org

Second Grade - Gdonosa@lfapa.org

We want to provide our parents choices that make them feel comfortable with their child's(ren's) education, therefore, at the end of first quarter, if you are more comfortable having your child(ren) stay at home to continue with online learning, we will still provide online services. If we are able to physically return to school for second quarter, we will follow the CDC guidelines and protocols for schools to ensure the appropriate practices are in place to limit potential exposure to illness.

"Meet the Teacher" will be held virtually, August 3rd - August 5th.

Please make sure we have a current phone number and email in order to keep you informed with any upcoming school information.

Stay Healthy and Strong.

Sincerely,

Ms. Aitken
