## **Medication**

School personnel are sometimes asked to administer medication to students during school hours.

School personnel may cooperate if the following conditions are met:

- All medication must come in its original container. Prescription medication must have an unaltered pharmaceutical label attached.
- Over the counter medication, dietary supplements and other non-prescribed medication must be labeled with the student's name, medication name, directions concerning dosage and time of day to be taken.
- The parent or legal guardian must complete and sign a "Parent's Consent for Giving Medication at School" form. A new form must be completed at the beginning of each school year and any time medication or dosage changes.
- Medication must be administered and stored in the office. Students may not carry or self-administer any type of medication (including over-the-counter drugs).
- Exception: Prescription Asthma inhaler or Epi-pen with written consent form in the school office (ARS 15-341.36)

## **Illness**

If your child has a contagious illness please do not bring them to school. We do not want your child's illness spread to other children or staff. When your child is ill, please find alternative arrangements for childcare. When your child is no longer contagious and is healthy enough to actively play or engage in activities with other children he or she may return to school. Please help us protect the health and well-being of all the children and staff at school.

- Common symptoms of contagious illness:
- Fever over 100 degrees - if your child is sent home with a fever or develops a fever while at home,
- The child may not return until fever free for 24 hours or with a doctor's note stating the child is no longer contagious.
- Colored discharge from the nose
- Discharge from eyes or ears
- Diarrhea or vomiting

## **Emergency Medical Procedures Overview**

An emergency medical response unit (911) will be called in cases where an employee or student needs immediate emergency medical attention. An adult from the school will accompany an ill or injured child to the doctor or hospital when immediate emergency medical treatment is required and will stay with the child until a parent or designated adult arrives. Staff will contact the parent of any ill or injured child as soon as possible.

## **First Aid**

- All LFPA teachers and staff are required hold a valid First Aid and CPR card.
- A current first aid kit is kept in the school. Established first aid procedures will be used in case of a medical emergency.
- In case of accident or illness, attempts will be made to contact the parents before any kind of action is taken beyond necessary first aid except as necessary in a life-threatening situation.

Posters listing emergency numbers, procedures and location of the first aid kit will be strategically posted beside the phone. The location of first aid kits must be prominently marked with a Red Cross or signs to facilitate the retrieval of the first aid kit in an emergency situation and to remind building occupants of the necessity of maintaining a safe work environment

## **Discipline Policy**

It is our policy at Learning Foundation to discipline first by setting up our room and activities to eliminate problems. If a problem does arise, it can often be solved by a staff member merely appearing on the scene and sitting with or talking to the child. On the occasion that a child's disruptive behavior continues to re-occur, a time-out away from the activity is required. The child is usually required to sit at a table away from the current activity for 5 minutes or until the activity is completed. At that time, he/she is asked if they are ready to follow the rules and join in. When disruptive behavior continues and none of these actions seem to be effective, the parent is notified by phone and a discipline notice will be sent home. The following day the parent or guardian should discuss the problem with the teacher and try to decide on a mutual plan of action. All Staff are required to continuously provide positive reinforcement for appropriate behavior.

## **Termination and Disenrollment Procedures**

Learning Foundation reserves the right to terminate this agreement at any time for any reason deemed sufficient by LFPA administration and district office.

Some of the reasons for disenrollment may include the following:

- Failure to pay tuition
- Student misbehavior that may cause harm to other children or staff.
- Non-compliance with Learning Foundation policies.
- Disruptive or disrespectful behavior to other children or staff.

Learning Foundation will make every effort to give reasonable notice to allow parents time to obtain alternate after school arrangements. Parents have the right to withdraw their child from the LFPA Before/After School Program at any time for any reason. Please inform the office if you plan to withdraw your child from the program.

## **Field Trips and Transportation**

The LFPA Before and After School Program does not offer class field trips or transportation.

## **Parent Participation**

LFPA welcomes parent support and participation in class activities. Parents are encouraged to help but must comply with district volunteer policy for the security of all students in the classroom.

You can help out in your child's classroom for a maximum of 20 minutes each day unless you have an Arizona fingerprint clearance card and a volunteer contract on file in the school office. You cannot have access to any records or confidential information about other students in your child's classroom.

Volunteering must not interfere with the teacher's classroom schedule or classroom momentum; therefore, the time a volunteer is needed in the classroom is the teacher's discretion and must be coordinated for minimum classroom interruption.

## **Postings:**

Posters listing emergency numbers, procedures and location of the first aid kit are required to be strategically posted next to the phone. The location of first aid kits is required to be prominently marked with a Red Cross or signs to facilitate the retrieval of the first aid kit in an emergency situation and to remind building occupants of the necessity of maintaining a safe work environment
